South Haven Area Emergency Services to Host Citizen Fire Academy

South Haven Area Emergency Services (SHAES) will be hosting a Citizen Fire Academy from March 4 to May 2, 2015. The Citizen Fire Academy is a course designed to give the public a working knowledge of the SHAES personnel and policies. It is a series of classes held once per week for ten weeks and also includes a graduation.

The SHAES Citizen Fire Academy is intended to provide information that will enable citizens to improve safety in their homes, the work place, and homes of families around them. Attendees will also gain a fundamental understanding of how their fire department functions and the tools necessary to accomplish the variety of tasks that can be assigned to it.

The SHAES Citizen Fire Academy covers such diverse topics as laws, regulations, hazardous materials, self-contained breathing apparatus, thermal imaging cameras, CPR, portable fire extinguishers, fire inspections, fire investigations, forcible entry, ventilation, vehicle extrication, confined space/rope rescue and structural fire-fighting. Instruction consists of hands-on involvement supplemented by lecture, tours, videos, and demonstrations.

Please visit the South Haven Area Emergency Services website at www.shaes.org for more information and to download an application.
