RE: SRF #5602-01 North Shore Drive Project Update

## **North Shore Drive Project**

Over the past week, Milbocker & Sons, along with their concrete subcontractor, has installed 99% of the concrete work (curbs, driveways, sidewalks, and sidewalk ramps) in the south half of our project. The remaining concrete work is limited to some of the larger commercial type driveways that were constructed part width (1/2 at a time) to allow continued access to higher populated buildings/condominiums. Concrete sidewalk work has also initiated in our Phase III (Brockway to Baseline) area as of yesterday. This work is ongoing and will continue into today and tomorrow. This work is being limited to longer sections of sidewalk, and other areas which won't impede access to homes. At residential driveways in Phase III, we have been gapping out the new sidewalk to allow continued access to properties until after the holiday weekend.

**Please Note:** As the new concrete sidewalks are being placed in our Phase III area, it is extremely important to give the concrete a change to cure. Foot traffic is fine after a day, but vehicular traffic needs to be avoided for a period of 4-5 days to obtain proper strength.

Today and tomorrow, Milbocker (and their subcontractor, Duran) will be continuing to place sidewalk along the Phase III area. Sidewalk through larger driveways within this area will be constructed part width to allow in/out access at all times.

Other potential work for the upcoming week includes grading for curbs in Phase III, and possibly setting our new beach access signs. Other anticipated work includes a minor sanitary sewer adjustment at North Shore Drive & Baseline Road. This work may limit traffic movement within this intersection for the better part of a day.

On-going utility relocation work by Kent Power, Comcast and Frontier Communications should also be expected.

Finally, weekly on-site "tailgate talks" continue to take place for anyone with specific project related questions. These meetings take place on Wednesday's at 9:30 a.m. on the sidewalk in front of North Side Memories on Dyckman Avenue.
