Dyckman Avenue Bascule Bridge Rehabilitation

Progress Report – Week 11

The following work was performed during the week of December 22-26, 2014:

- Installation of miscellaneous structural steel including new sidewalk support beams
- Delivery of non-slip steel sidewalk plates

It is anticipated that the following work items will be completed in the coming weeks:

- Complete structural steel erection
- Install steel sidewalk plates on center span
- Reinstall railings on center span
- Complete painting of all steel on center span
- Begin electric work and hydraulic machinery installation

Non-slip Steel Sidewalk Plates

Sidewalk Support Beams
