### **Dyckman Avenue Bascule Bridge Rehabilitation**

#### Progress Report – Week 7

The following work was performed during the week of November 24-28, 2014:

- Mobilization of large crane for dredging of channel to install submarine cable
- Mobilization of sandblasting and painting equipment
- Installed storm sewer end section into Black River

It is anticipated that the following work items will be completed in the coming weeks:

- Tenting of center span to permit steel sandblasting and painting
- Installation of submarine cables
- Placement of grout to fill voids in rip-rap along channel shore
- Placement of grout bags at piers as scour countermeasure
